Today, 2:00 PM, Rm 1E

To Diana--

Thank you for dropping the 1500 feet specification. It did capture some of my collector constituents (unintended consequence). Mary M.

Subject: Message from Rep. Urban Re: Press Conference on "Simulated Guns" Today, 2:00 PM, Rm 1E

To: Members of the Select Committee on Children

Please see the message below from Rep. Urban regarding a press conference today at 2:00 PM in Room 1E (right before our scheduled public hearing). HB 5220 AN ACT CONCERNING LOOK-A-LIKE FIREARMS is on the hearing agenda:

We will be having a brief press conference at 2pm (right before our public hearing) to show the public examples of "simulated guns" . I encourage Committee members to be there as well as speak if you would like.

In examining the language it looks like we can drop the 1500' and just designate "school grounds". The 1500' runs into problems with homes surrounding schools!

Sorry for the late email. I have had some challenging family issues.

Diana
