

PRESS RELEASE

FOR IMMEDIATE RELEASE:

Connecticut Carry to Appear on Armed American Radio

Mark Walters to host one hour discussion about Connecticut firearms current events

Connecticut, January 6th:

Whether we like it or not, Connecticut has become the battleground state for gun rights following the terrible tragedy that befell the Sandy Hook Elementary School in Newtown, Connecticut. Politicians and people with political agendas all over the state and from all over the country wasted no time in attacking the rights of the 3 million citizens of Connecticut as well as citizens across the nation over the actions of a lone, evil madman.

Host of Armed American Radio Mark Walters has extended a generous invitation to Connecticut Carry President Rich Burgess to have an open mic discussion of the attacks by politicians and anti-rights groups on the rights of the citizens of Connecticut. The casual discussion will include the topics that are at our feet in Connecticut, what we expect to see going forward, how we plan to handle these topics and some of the topics we have been covering in the media so far. Listeners can also expect to hear about Connecticut Carry, who we are, what we do and why we are here.

Connecticut Carry is very grateful that firearms owners across the nation have an incredible resource like Armed American Radio and we are appreciative of Mark Walters' dedication to the cause of liberty.

The show will be live on Sunday, January 6th 8-11pm EST. Connecticut Carry will be on from 9-10pm EST.
